

By way of ascertaining the opinion of the public as to the quality of the programs broadcasted, the manner of operation, range of station, etc., criticisms and suggestions of our radio-phone service are invited from listeners by announcement during our concerts.

The letters shown above are in response to this request and are typical of the hundreds received by the company from all parts of the North, East and Southeast.

Such testimonials as these are a source of much gratification to those engaged in this work, and every employee should feel proud of "W S Y." Its performance is up to the Alabama Power Company standard—100 per cent service.
