January 2006

## A Note from the President

What a great way to start a new year. We have wanted a newsletter forever for our little group. I mentioned this at the party last month and Patsy volunteered to help us. We will need every member's help to provide gripes and praises each month. Let us know what's on your mind, your latest project or what you would like for a program.

We are going to send the newsletter out to all who can receive it by e-mail. If you are one of those "non-computer" types, we will mail to you by snail mail. We are continuing to work on the museum at the Alabama Power building downtown, and we need everyone's physical help and ideas.

Let us hear from you and, please, let's try to give Patsy something to put in this newsletter

*Dave*

## Meeting Times

We meet nearly every Saturday of the month at 09:00 at the Alabama Power Building on Parkway East (aka Centerpoint Parkway) in Huffman. The organization's space is accessed from the rear of the building, so park around the back (by means of Huffman Road, which runs parallel to the Parkway). Entry is via the door on the right. The first Saturday of the month, there are electronics classes free to members. Topics include test equipment, Resistors and Capacitance testing. Inductors and coil winding to name only a few subjects!

We hope to see you there!

## Who to Contact

**President – David Cisco**

205.822.6759

**Member and Instructor – Robert Frye**

**Web site – MBBarnes**

770.573.9387

**Web Address:**

<http://alabamahistoricalradiosociety.org/>

## Editor's Notes

When Dave asked for a volunteer to edit a newsletter for your group, I told him I would give it a try. Most of you know my husband, Tom, K4VIZ. I am a writer, and I rather enjoy doing newsletters. I will be adding your articles to the newsletter, so please send them to me as text files at [patwrite@juno.com](mailto:patwrite@juno.com). Once I get the news arranged, I will send the newsletter to Dave for his additional editing, and then I hope it can be accessed from the AHRS Web site. This is a work in progress, so if you have suggestions to improve the newsletter, please let me know.

*Patsy D*
